*NOTE: All students receiving scholarship funds for the Concert Orchestra or Academy Orchestra are expected to participate in orchestra activities to raise the \$250 Parent-Student Fundraising Commitment. The fundraising commitment allows us to meet the true costs involved in running a quality organization and help build a program that is well supported by all who benefit. The Executive Director and Advisory Board will partner with MCYO families to ensure that no student is left without the help necessary to participate in MCYO's music programs.*
